

# Quality Computer Solutions

IntegraTek Consulting is a premier computer consulting firm, supporting small and medium business in the Denver area. We provide onsite and remote support as well as regular maintenance plans. Computers are a critical part of business; we provide **peace of mind** knowing all of your computer needs are covered. We specialize in business networks and server based systems supporting companies with 1 to 50 employees.

#### Personal attention:

We tailor support to your requests, and we will work within your budget to find solutions that meet your individual needs.

#### Certified technical experts:

To assist you with specific software, hardware, network and other technology needs multiplatform & multi-discipline technical specialists.

#### All of the advantages of having your own IT staff:

Without the cost of a full-time IT professional on your payroll. Reduce the time and costs of recruiting and screening in hopes of finding the right technical expert for your needs. We have the experts you need now.
